

REMARKS

This Amendment is being filed together with a Request for Continued Examination, to re-open prosecution of the application, in order that the claims could be amended to more thoroughly define the invention. As discussed with the Examiner on October 4, 2005, the references neither disclose nor suggest various features recited within newly added claim 12, including the arrangement and configuration of the teeth. Favorable consideration of the claimed invention is requested.

Should the Examiner feel that a conference would help to expedite the prosecution of the application, the Examiner is hereby invited to contact the undersigned counsel to arrange for such an interview.

Should any fee be required, the Commissioner is hereby authorized to charge the fee to our Deposit Account No. 18-0002, and advise us accordingly.

Respectfully submitted,

November 22, 2005
